

Kuwait Institute for Medical Specialization an Examination Center for UK Royal Colleges

Kuwait Institute for Medical Specialization now functions as a regional examination center for the following Membership Examinations of the Royal Colleges in the UK for physicians practicing in the GCC countries:

MRCP (UK)
 MRCS
 MRCOG
 MRCPCH
 MRCPGP

This facility constitutes a valuable opportunity for physicians to assess their competencies and obtain recognized qualifications for advancement in their careers.

MRCP (UK) 2008 was conducted commencing March 25, 2008 in Kuwait, with a number of specialists practicing in Kuwait and who are members of the concerned Faculties of KIMS serving as co-examiners. The examiners

Examiners, foreign and local, of the MRCP (UK), March 2008 examination held at Kuwait Center

of the Royal Colleges and the examination administrators expressed their satisfaction with the arrangements that had been made which enabled the examination to be conducted satisfactorily.
